(G) PAVING OF SHOULDERS ALONG TRANS CANADA HIGHWAY

That the following resolution be submitted to the Association of Manitoba Municipalities:

WHEREAS increasing numbers of individuals and groups are riding bicycles on our highways;

AND WHEREAS an unfortunate accident on Number 1 Highway near Virden last year resulted in the death of two individuals riding bicycles suggests that we need action to enhance safety for bicycle riders on this highway;

AND WHEREAS it is also the case that Manitoba with the support of the Association of Manitoba Municipalities (AMM) is moving forward with development of a mid-Canada corridor (a.k.a. centre port) designed to entrench this province as a centre for the distribution of goods on a north-south and east-west basis;

AND WHEREAS this will impose increasing demands on Number 1 Highway;

NOW THEREFORE BE IT RESOLVED that AMM encourage the Manitoba government to pave the shoulders of Number 1 Highway from the Saskatchewan border to the Ontario border as a means both to enhance safety for the increasing numbers of bicycle riders on Number 1 and also prepare Number 1 for an increased volume of traffic as we move forward with the development of the mid-Canada corridor project.
