AUDITOR'S REPORT

TO THE MAYOR AND COUNCILLORS CITY OF BRANDON BRANDON, MANITOBA

We have audited the balance sheets of the City of Brandon as at December 31, 2005 and the statements of revenue and expenditures, changes in surplus, and source and application of capital funds for the year then ended. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2005 and the results of its operations for the year then ended in accordance with accounting principles generally accepted for municipal corporations in Manitoba applied on a basis consistent with that of the preceding year.

We have also issued a supplementary report as required under section 190(2) of the Municipal Act.

Brandon, Manitoba March 10, 2006 Boo Dunwoody UP

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2005

1. <u>SIGNIFICANT ACCOUNTING POLICIES</u>

The following is a summary of significant accounting policies of the City:

(a) Revenue Recognition

- 1. Revenue accounts are maintained using the accrual method of reporting where user fees and other revenue is recognized when the services are performed and the revenue has been earned.
- 2. Tax Levy, Grants in Lieu and other Grant Revenue are recognized in the period that the levy or grant covers and as the expenditures that the grant covers are incurred.

(b) Expense Recognition

Expense accounts are maintained using the accrual method of reporting, except that principal and interest charges on debentures outstanding from the due date of payment to the end of the year are not accrued.

(c) **Inventories**

Inventories are stated at cost, using an average cost pricing method, except land inventory which is recorded at cost.

(d) Financial Instruments

The City's financial instruments consist of cash, accounts receivable, temporary and long-term investments, bank indebtedness, accounts payable and long-term debt. Unless otherwise noted, it is management's opinion that the City is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of the financial instruments approximate their carrying values, except investments which are recorded at cost.

(e) Fixed Assets

Fixed assets including land, buildings and equipment are recorded in a capital fund at the following values:

- 1. Land assets at cost.
- 2. Buildings acquired prior to 1997 at cost, if available, otherwise at 1998 assessed value based on 1995 market values. A reconciliation was performed in 1997 to update the building asset accounts; the cost of all buildings was not available.
- 3. Buildings acquired subsequent to 1997 at cost.
- 4. Other assets acquired prior to 1963 market value as at 31 December 1962.
- 5. Additions subsequent to 1963 at cost.

No amortization is provided on fixed assets.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2005

(f) Capital Assets

Local improvements for roads, sidewalks, wastewater and water distribution systems, etc., are financed by frontage levies, grants or long term debt. The capital assets are recorded in a capital fund at the amount of the outstanding long-term debt.

(g) Reserves

Reserve funds are established by by-law for the purpose of accumulating funds for future operating and capital expenditures. Appropriations to reserve funds are charged to expenditure in the revenue funds.

(h) <u>Use of Estimates</u>

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

2. <u>PENSION PLAN</u>

The majority of City of Brandon employees participate in the Manitoba Municipal Employees Benefits Program Pension Plan which is a defined benefit pension plan that provides benefits based on length of service and pensionable salaries. This plan is fully funded by employee contributions and a matching employer contribution. The actuarial report as at December 31, 2002 indicates a surplus.

Some employees, who were in the employ of the City of Brandon prior to January 1, 1977, participate in pension plans for employees of the City of Brandon as provided under Pension By-law No. 6678 and 6679, which are both defined benefit pension plans. The actuarial report as at December 31, 2003 indicates a deficit for these plans.

The City has agreements with the Brandon Professional Firefighters' Association, the Brandon City Police Association, the Canadian Union of Public Employees Local 69, Amalgamated Transit Union Division 1505 and all out of scope employees for a supplementary pension benefit of \$200 per month for those eligible employees who retire after attaining the Municipal Employees benefits Board "rule of 80". The "rule of 80" is achieved when the sum of the employee's age and years of service is 80 or greater. The benefit of this supplementary pension will cease after the earliest of 60 months or the month in which the employee attains age 65.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2005

3. ENVIRONMENTAL LIABILITY

The City of Brandon owns property located on the east side of 1st Street at Pacific Avenue (proposed Public Safety Building location) that is in the process of an environmental assessment and holds a future environmental liability. Although the cost of cleanup is not determinable at this time, the cost is expected to be significant with the best available estimates ranging from \$2,000,000 to \$4,000,000.

4. <u>LEGAL CLAIMS</u>

There are a number of claims pending against the City. The estimated liability for these claims could not be determined as at the end of the year.
