

## **Growing Our Existing Neighbourhoods Together**

This open house is the third and the last of a series of open houses regarding the residential infill changes. The open house intends to bring everyone in the community-together to discuss how we can grow and develop our existing neighbourhoods. The open house will include a brief presentation covering a review of the comments from the two previous open houses held on February 25, 2015 and April 21, 2015 as well as examples of what has been done elsewhere. The presentation will be followed by an informal discussion and an interactive exercise to generate ideas from the participants.

**Please mark your calendars and join us. We look forward to seeing you there.**
