To Whom It May Concern,

I, Eric Olson (the applicant), am seeking a conditional use for 1670 – 8th Street, Brandon, Manitoba R7A 4A2, Lot 25/26 Block 8 Plan 289 to build a duplex. I have been working with the BAPD planners to come up with a design that fits the surrounding neighborhood. Now that we decided on the design the neighborhood will be canvassed. The addresses surrounding 1670 - 8th St were provided prior to this application.

Will this be compatible with the general nature or the surrounding area? Yes, as there are new and existing structures in this area that are of the same nature. Because of the help of the Planning department the design will complement the neighborhood well.

Will it be detrimental to the health or the general welfare of the people living or working in the surrounding area, or negatively affect other properties or potential development in the surrounding area? No, the construction of this project will help increase the continuity of this area. This project will help create and keep the neighborhood pleasant for the surrounding area.

Is it generally consistent with the applicable provisions of the development plan by-law, the zoning by-law and any secondary plan by-law? Yes, this is generally consistent with the applicable provisions of the development plan by-law, the zoning by-law and any secondary plan by-law.

If there is any further information required please do not hesitate to contact me.
Thank you.

Eric Olson
