Re: Rezoning of 400 – 17<sup>th</sup> St N

To whom it may concern,

Horizon Builders, on behalf of the Planet Kia group, have notified the properties in the area of the proposed rezoning. Notification was sent by mail to the attached addresses. The notification encouraged owners to voice their concerns with the potential rezoning by a variety of methods including phone, email, and post mail.

We received no indication of concerns from any property owner in the vicinity. If any further concerns are raised from now until the application is processed, I will document the issues and complainant information, as well as address those concerns as best as possible. Details will be available as needed.

If a public meeting needs to be held, a date and location will be distributed. If there is any further information required, please do not hesitate to contact me.

Regard,

Michael Lindenberg  
Project Manager
